

Igor Surzhenko – Translator and Interpreter.

Do you require a [written English — German, English — Russian translation](#) or a **certified English — German translation**?

You need a *professional interpreter for business negotiations* with your partners from German- and Russian-speaking countries?

You are going on a business trip to a German- or Russian-speaking country and would like a **professional** to take over the whole organisation of your stay? I would be very happy to assist you on all these affairs.
